

THE CENTRAL RECORD

PURE RELIGION, UNTARNISHED DEMOCRACY AND GOOD GOVERNMENT.

LANCASTER, KY., FRIDAY, JUNE 6, 1913.

TWENTY FOURTH YEAR.

NUMBER 9.

"The Good Old Summer time" is here. Spring lamb and green peas are in season.

Cut the weeds, white wash the fence and disinfect, it pays.

When the faithful horse gets sick the automobile has its inning.

The Cincinnati excursion Sunday was not as liberally patronized as its predecessors.

Several concrete contractors are busy on our streets and in a few weeks there will be good walks all over town.

While we are about it, it would be well to have concrete on at least one street to the depot. We are sure the L & N would cheerfully do their part.

We have the best crop of mint in years, and sugar at five cents a pound, but the other necessity for the making of the "julep" is scarcer than was ever known in this locality.

Cutting the water off from the public fountain robs many a poor tired horse of a drink, but it perhaps saves him from disease. A public watering trough is a splendid place to spread an epidemic.

The hanging out of the "ice" card does away with our being awakened by the cry of the iceman. Why not have cards for the milkman and the huckster and we might enjoy our Sunday morning nap in peace.

Flower Mission.

June 9th is Flower Mission day. The W. C. T. U. will observe it Saturday. All of the members are requested to bring flowers to the room at 2 o'clock sharp.

Public Speaking

G. B. Swinebroad will address the voters at Paint Lick on Saturday June 7th at 3 o'clock P. M. and present his claims for the nomination for County Attorney.

Teachers Examination.

The June Examination for white school teachers will be held on June 20 and 21st and for colored teachers on June 27 and 28th. These examinations will be held at the court house in the circuit court room.

Improvement About The Square.

Handsomely appointed with ornamental lamps now seem a certainty about the public square. With these improvements and the new concrete walks we hope that the square itself and the park will be made to look so insignificant that some means will be discovered to bring them up to a condition in keeping with their surroundings.

Ice Cream Supper At Fairview.

The ladies of Fairview church will give an ice cream supper at the church on the night of the 14th, the Saturday night before the third Sunday. The proceeds to go for the benefit of the church. The good ladies of this locality are noted for their hospitality and all who attend may expect a good time and the best of everything.

Send Names And Subjects.

Six have entered the Declamatory contest, for the gold watch to be given at the Graded School Auditorium, on the evening of June 27th. All names and subjects should be sent to one of the undersigned at once.

J. A. Beazley.
M. D. Hughes.

More Hail.

Two severe thunder showers on last Sunday were accompanied by considerable hail. Luckily there were no crops in such an advanced stage as to be injured by it. The rains were of short duration, but of sufficient quantity to make a splendid "tobacco season" for a few days following.

Sam Sadler Dead.

Sam Sadler a worthy colored man died Sunday evening during the severe rain storm. Sam was well known in the community and bore a good reputation, he has for many years been the grave digger at the local cemetery, and some one had to perform the duty for him which he has so long performed for others.

Cut Worms Doing Much Damage.

Reports come in from all sections of the country from damage wrought by cut worms. Mr. W. S. Carrier seems the most severe sufferer, he having a field of fifteen acres of hemp completely destroyed by them. He was compelled to utilize the ground for some other crop, the hemp being entirely ruined.

Must See A Game Occasionally.

Local base ball fans being deprived of the pleasure of having a home team are taking considerable interest in the local colored team, an as yet undefeated aggregation, and they are really putting up a classy game, and the white fans are patronizing them liberally. They defeated a Stanford team on last Saturday by a score of 14 to 4.

Col Bennett Young Again Chosen.

At the closing ceremonies of the United Confederate Veterans at Chattanooga Tenn. last week, Gen. Bennett H. Young of Louisville was unanimously re-elected as Commander-in-chief, as were also his departmental officers. Jacksonville Fla. was chosen as their next meeting place. Tulsa Okla. and Nashville Tenn. were also contenders for the next meeting.

Spring Lamb Trade Begins.

Garrard county usually ships from ten to twenty car loads of lambs, most of them to the Cincinnati market. The lamb crop this season is a little below the average, and perhaps a dozen cars will cover the seasons shipment. Messrs Lawson & Brown shipped the first car of the season this week, and they have about two thousand lambs engaged at prices ranging from 64 to 74 cents per pound.

Ill Luck Follows Mr. J. T. Raney.

An evil spirit seems to be dogging the footsteps of Mr. Taylor Raney, he has been harder hit by the "hoss disease" perhaps than any man in the county, and on last Sunday afternoon while attempting to mount his saddle horse he was thrown violently to the ground and sustained a sprained ankle. The injury is a very painful one and will incapacitate him for business for some time to come.

Farmers Busy.

There was never a busier time with the farmers. The recent rains have placed the ground in splendid condition to work, corn is to be plowed over, tobacco to be set, and the more forward crops to be worked out clover meadows almost ready for the sickle and wheat not very far behind, labor scarce, high and hard to get, all combine to make the farmer a very busy man, and giving him very little time to allow the grass to grow under his feet.

A New Disease Besets The Apple Trees.

The apple trees in this locality are being attacked by a disease which some call "twig blight", but for which there has neither cause or remedy as yet been suggested. The trouble makes its self apparent by the deadening of the limbs and foliage, beginning at the extreme ends and working inward, and while it has as yet apparently failed to injure the fruit, extreme apprehension is felt for fear it may cause considerable damage.

Mr. Dishman In Town.

Dr. E. B. Dishman of Barboursville was in Lancaster on last Friday. Dr. Dishman married a daughter of Dr. W. Ross Burnside in Barboursville. He is a formidable applicant for the Internal Revenue Collectorship for the eighth district, and should it be deemed expedient to go out of the district for a man to fill this office, we know of no better man to choose than Dr. Dishman, both because of his relationship to one of our former citizens, and because of the fact that he himself is an affable courteous gentleman.

Off For Mammoth Cave.

William Bryan, excursion agent for L and N was here last Friday in the interest of the Mammoth Cave trip which his road offers on June 9th. Exceedingly low rates are announced in its advertisement on the 3rd page of this issue. Quite a number will take advantage of this cheap rate and a special car is being arranged for those who expect to go from this county.

This trip has the approval of all the County officials and will be personally conducted by Miss Jennie Higgins our popular County School Superintendent. For any further information call on or phone G. M. Patterson, Agent.

Four from Stanford have entered the declamatory contest for the gold watch to be given at the Auditorium June 27th. All contestants must have names and subjects in time for next issue of the Record. Contest will certainly take place on above date.

The Baccalaureate sermon will be preached at the Christian church of Lancaster, Ky., at 11 o'clock Sunday June 8th, by the Rev. Ellis B. Barnes of Richmond, Ky. The Baccalaureate address will be announced later. All the friends of the school and of the class are cordially invited.

Odd Fellows Decoration Day.

The local lodge of Odd Fellows will hold their annual decoration ceremonies on next Sunday afternoon. They will assemble at their lodge room at 2:30 o'clock and will go to the Christian church at 3 o'clock, where they will hear a sermon, after which they will proceed to the cemetery and decorate the graves of their departed brothers. All Odd Fellows are requested to bring flowers.

Another Candidate For Justice Of The Peace.

Mr. James H. Dalton who announces as a candidate for Justice of the Peace in the Lancaster district is a loyal democrat and one of Garrard counties most respected young men. His entrance into politics comes not as a personal ambition but at the instance of large number of democrats and business men of the community who fully cognizant of the importance of the office appreciate the fitness of Mr. Dalton to serve the county in the capacity of Squire. The new candidate is one of the counties most capable and successful business men and he has the confidence and respect of everybody. While other worthy and loyal democrats are seeking the nomination of magistrate in this district it will be conceded by all that a more suitable and capable practical business man could not be found to assist in handling the large business interest of the county than James H. Dalton. While he is very modest and unassuming he is very popular and his worthy opponents will soon be convinced that they must contend with James H. Dalton in the August Primary.

Hon. A. O. Stanley Delivers Beautiful Memorial Sermon To Confederate Soldiers.

Congressman A. O. Stanley delivered the memorial address over the graves of the Confederate dead at Lawrenceburg on last Tuesday. The fact that many of the little band of grizzled men who wore the gray that helped to compose his large audience were led from Anderson county by his gallant father to battle for the "Lost Cause," lent pathos to his utterances.

Tribute to Immortal Band.
"A few more days and the last sentinel will for the first time have fallen asleep at his post, and the last heroic defender of the 'Lost Cause' will have joined his companions upon the 'Nether Shore'."

"What men they were, these fine exemplars of the chivalry of the South with their high aspirations and modest mien-strange mingling of strength and tenderness, of courage and of courtesy. 'A thousand proud and tender memories cluster about this sacred place, it is well to garland their graves with flowers and bedew them with our tears, poor tribute and mute memorial of our debt of love and reverence for the dauntless day. For us they offered on the reeking altars of war life and light and love in youth's sweet prime. Few are left to recall that gallant band who marched away with high hopes and flaunting banners; few are left who last saw them through a mist of tears. 'Their sons and daughters share a sacred kinship in their glory, and when our days are done, may your children and my children gather here with bowed heads and reverent hearts, to learn to emulate the sacrifice and the heroism of that dauntless band who met all the errors and vicissitudes without fear and without reproach. 'For four long years my martial father led this immortal band; nearly a hundred they were who answered their country's call—a handful; not a score returned, battle-scarred and tattered to tell the tale so full of pathos and glory. 'They were a part of that great battalion whose fame some future laureate of the South will sing in deathless song—a story of the Alton Brigade, of their leaders, all left dead upon the field of fame. 'Will Long Revere Memory. 'So long as Sparta shall recall Leonidas and his band—so long as England shall remember the Light Brigade and the charge at Balaklava—or France shall swell with pride and tenderness at the mention of the Old Guard and the bloodied gulch of O'Hane, so long shall Kentuckians revere the memory and commemorate the valor of that dauntless band, whose debonair disdain of death dreads neither peer nor parallel in all the red annals of war. 'It was becoming that he who was the commander and companion of his brothers in arms, who followed with them the changing fortunes of the 'Stars and Bars' until the folds were in the dust, should, a soldier in a sacred cause, have enlisted under the Captain of our salvation and the Banner of the Cross."

Song Recital.

Miss Jo-Hord Frank who will sing in Lancaster June 17th, at Lancaster Graded School Auditorium, has promise of a remarkable career.

She graduated in Lexington, Ky., receiving a four year certificate in New York under the noted Charles Norman Granville, her voice developed into the rich contralto so rarely acquired, even by singers of mature years. She sang in the Marble Collegiate church and the church of the Disciples and in a number of private recitals. Her voice is of rare quality and her appearance here will be an interesting occasion for music lovers, and those who are interested in her for her fathers sake.

Miss Frank was born here and it is a matter of sentiment with her that she makes her first professional appearance in the town of her birth. Reserved seats on sale at McRoberts drug store at 50 cts, general admission 35 cts. children between six and twelve years of age 25 cts.

The Filter Again.

At the regular monthly meeting of the City Council on last Monday night Mr. J. B. Greer of the Greer Filter Mfg. Co. of Pittsburgh Pa., the firm which had the contract for putting in the new filter at the water works, made formal demand that the city pay them the sum of \$1125., which amount he claimed was the balance due him on the filter. Mr. Greer claims that the filter is complete and is according to the specifications and his contract with the city, and that it is fully capable of performing what is demanded of it, that is, filtering 100,000 gallons of water in twenty four hours, ninety nine per cent pure. The city refused to accede to his demands and in turn demanded that the Greer people refund to them the amount paid them, which is some thing in excess of \$1,000. The city has thoroughly investigated the filter plant, so they claim, have had experts to examine it, and as a result of that investigation they claim the filter is absolutely worthless to them and wholly incapable of performing what is claimed for it. So the matter stands.

The bonds amounting to \$12,000. for the improvement of the water plant, which improvement included an adequate filtering plant, were voted in August 1911, and when they were voted the people hoped and fully expected that they would have a filtering plant which would supply them with pure water. Almost two years has now elapsed and we are yet without a filter, the heated season is rapidly approaching, and with its coming we may expect the water supply to deteriorate considerably in quality. They have been very patient thus far, but patience some times ceases to be a virtue, and they are now clamoring for some kind of a filtering plant, and their impatience is not without merit. However, the city council is still endeavoring to install a filter and we believe they will finally succeed, but oh! we do wish they would hurry.

The Disease Among The Horses Of The Town And County Rapidly Abating And Conditions Rapidly Reverting To Their Normal State

The prophecy made by the government expert that the horse disease would gradually die out is proving true, the cases are few and far between and the malady much less virulent than when it made its first appearance, and it is confidently expected that in another week we shall have seen the last of it.

Col. A. D. Leavell, County Live Stock Inspector, has received instructions to institute a quarantine in instances where it is deemed expedient and has given rigid instructions as to the establishment of the quarantine where found necessary. The instructions are in part as follows "notify such persons that mules, horses etc contained on their premises shall not be removed therefrom or come in contact with other such live stock until the disease of Catarrhal fever has ceased to exist among such quarantine stock and their premises shall have been properly disinfected. Disinfection should be conducted as follows:

Remove all dirt, loose litter and manure from the barn, sheds and pens, thoroughly sweep rafters, walls, mangers, stalls and all inside surfaces, then disinfect, preferably with a power spray pump, the entire interior surfaces of the stable, the grounds sheds and fences, with a 5 per cent solution of pure carbolic acid or a 2 per cent solution of cresol. Crude carbolic acid shall not be used for disinfecting unless knowledge is had of its per cent strength and then diluted so as to give the finished disinfectant, an equivalent of a 5 per cent pure carbolic acid."

Col. Leavell's instructions are not optional with him and they must be carried out to the letter where the disease makes its appearance in malignant form. It would be well for all persons who have had the disease on their premises to follow the directions herein prescribed in regard to disinfecting their premises. These instructions with the prescriptions for disinfecting, came from Dr. A. J. Payne of Louisville, who is State Live Stock Inspector, acting under the direction of the Department of Animal Industry of the U. S. Government.

There was a time when the criminal class inspired fear in the hearts of a great many of the better class of citizens, and to such an extent did this fear exist that in many instances the very vilest of criminals went unwhipped of justice for the reason that good citizens who were aware of their misdeeds were afraid to inform upon them for fear of some calamity overtaking them because of the information they had furnished. An often heard expression in those days was "I am afraid to say anything about that man, he is mean enough and some night might burn my house or barn." However, these days have passed into history and no man in this day and time need fear to give information that will assist in the upholding of the law;

as for incendiarism, this is a crime that is more diligently searched out than any in the calendar in the state of Kentucky, and be the fire of ever so trivial a nature, if there is the least suspicion as to its origin, the State Fire Marshal makes a thorough and painstaking investigation, and in a great majority of the cases the guilty persons are brought to justice.

But to the point, circuit court convenes in Lancaster on the third Monday in this month; the county is unusually free from crime, but there is always some infractions of the law, infractions which the officers are not cognizant of, and never will be unless some good citizen puts them upon the track of it. Now is the time for a man to show just how good a citizen he is and at the same time of material benefit to the community in which he dwells by ridding it of the evil doers. Do you know of a Sunday "crap game", conducted in some out of the way place, or perhaps some party who is slyly conducting a bootlegging business, or have you seen any seining or know of any one who has seen it, then it is your duty to give such information as will enable the authorities to take the matter up and punish those who are breaking the law.

As for the latter named infraction, it is one that is indulged in by many people who cannot be classed as criminals, persons who have a misconception of the laws recently enacted for the protection of the streams, persons who are imbued with the idea that it is their inherent right to take fish by means of nets; it matters not who the parties are, high or low, rich or poor, if they are caught they will be punished, we have ample assurance of this fact, Judge Hardin himself has assured us of his thorough sympathy with the move, as also have the county authorities, and the person caught violating these laws, regardless of his position or sphere in life, will be given ample reason to feel sorry for his misdeeds.

It is not necessary that the name of the informer should be divulged, nor will it be should he desire to have it kept secret, simply furnish your county attorney with a list of the witnesses, what you believe they know and any date or which you may be possessed that will assist in ferreting out the case you desire investigated, and you may rest assured that the matter will be brought to the attention of the grand jury. You have a duty as a citizen to perform just the same as the officer has a duty to perform as an officer, do your duty and rest assured they will do theirs, and if you are lax in your duty, they will perhaps not be able to perform theirs because of your laxity. It is almost criminal of itself to withhold a knowledge of guilty acts committed, it at least blocks justice and prevents the guilty from being punished. See that the knowledge of the wrong doing in your particular locality is brought to the attention of the coming grand jury and you will rid yourself of a nuisance which you have long wished might be abated. Come forward and perform that duty which you owe to yourself, your family, your community and to the common wealth.

Sanitation Among The Live Stock.

The epidemics which have raged among the live stock of the country during the last few years has brought forcibly to the minds of the farmers the necessity of sanitation among live stock. The very first remedy suggested by representatives of the department of animal industry and others who have made a study of domestic animals and their ailments, is sanitation. To eradicate scabies among the sheep, dipping which is essentially a sanitary move, and now for foot rot, dipping again in an antiseptic solution; for cholera among hogs, the most rigid sanitary measures are advocated, and with the latest and most deadly and expensive disease which has prevailed among the domestic animals, Catarrhal Fever among the horses and mules, and while a cause or remedy is as yet undiscovered, extreme sanitary measures are advocated. Observation has already taught those who have studied this disease that an animal that is well

nurtured and in good condition is not nearly as susceptible to the disease as one that has been cramped in crowded and poorly ventilated quarters, and fed inferior provender. The farmers are rapidly realizing the fact that sanitation among their live stock is equally as essential as sanitation among his family, and that it is the surest method of warding off disease. Of course the well fed, well conditioned horse is not immune from the disease, but the danger of his contracting it is reduced to the minimum.

Keep your stables clean, see that the stalls are kept free from decaying straw and other refuse, that fresh clean bedding is provided, keep the stable and its surroundings well disinfected, use whitewash freely, give the stock good sound wholesome food and water that is not contaminated, use the same precautionary measures with your sheep, hogs and other stock and you will find that the losses from disease will be so materially reduced as to amply pay you for your labor and money expended in sanitary measures.

Hamilton College Commencement Exercises.

The 44th annual commencement of Hamilton College extends from June 6th to 11th 1913. On Friday evening, June 6th, will occur in the College Chapel the certificate recital of the music department. On the next evening will be a like program given by those who complete the course in Expression. On Sunday evening, June 8th, in the Lexington Auditorium will be held the joint Baccalaureate exercises of the University, including also the College of the Bible and Hamilton College. Reverend Roger T. Nooe, of Frankfort, Ky., will deliver the address of the evening. On Monday afternoon there will be an exhibition of the work of the students in the Department of Art, and on Tuesday evening in the College Chapel there will be given the annual public program of the Marlowe Club. On Wednesday morning at ten o'clock in the College Chapel will be held the class-day exercises, followed by the planting of the Ivy.

The final Commencement will be held in the Lexington Opera House on the evening of June the 11th. Miss Grace D. Pickett, Director of Music and a pupil for some years of Leschetzky in Vienna will play; the Hamilton chorus under the direction of Miss Carrie B. Neale will sing. The address will be delivered by Dr. Peter Ainslie, Pastor of the Christian Temple, Baltimore, Maryland, a well known leader in educational thought and activity of the highest type. Dr. Ainslie organized the now successful Temple College in Baltimore, designed to train young men women specifically for Christian work. He is also chairman of the Commission on Church Unity. So notable have been his efforts to coordinate the thinking and doing of the modern church, that recently he was invited to deliver a series of addresses before the faculty and students of Yale University.

Col. Roosevelt Vindicated Trial Ends Absolutely When Defendant Admits He Was Mistaken As To Truth Of Utterances Against Him In His Newspaper.

The libel suit of Col. Theodore Roosevelt against George A. Newett at Ishpeming Mich. ended abruptly last Saturday when after the conclusion of the testimony for the defendant, the defendant took the stand and reading from prepared manuscript stated that he had been unable to find throughout the entire country any person who would support the publications in his paper over which the suit arose, and admitting that he had been misinformed. Col. Roosevelt then arose and magnanimously waived the matter of damages, save the nominal damages of six cents provided by law in the state, and the court instructed the jury to find for the plaintiff in that amount and that each should pay their respective costs in the case. The case thus ended which was a thorough vindication for the hero of San Juan Hill.

An Ounce Of Preventative Is Worth A Pound Of Cure, Take The Necessary Precautions Now And Save A Doctors Bill In The Future.

At the risk of being accused of "constantly harping upon one subject", we will again call the attention of the citizens of the community to the necessity of observing the laws of sanitation as a means of warding off disease during the heated season. From this time forward we may expect hot weather, and with it the necessity of taking every precaution against every disease incident to the heated period. Begin now and cut your weeds, and when cut, do not allow them to lie and rot upon the ground, decaying vegetable matter is a splendid breeding place for typhoid and other diseases, burn them and thus avoid any risk of their causing trouble in the future. Weeds cut now before they go to seed will cause you less trouble now, and will materially curtail the crop next season, while if we wait a few weeks, they will have become much more luxuriant and as a matter of course, much harder to be rid of.

Look well to the source of your water supply, see that the water is pure, and your dairy or refrigerator, whatever place you may keep your milk and butter, milk is easily susceptible to infection from germs, see that it is safely protected from flies; look well to your window and door screens and see that your house is kept as free as possible from flies. Use disinfectants, lime, whitewash and carbolic acid, freely on the outhouses and all over the premises. We have been very careful of these matters in the past and in consequence there has been very little sickness, but it requires eternal vigilance along these lines to insure success, and the measures adopted last year should be repeated and if possible enlarged upon, and the results will prove satisfactory. Do not weary of well doing, if you would insure the health of yourself and family, follow closely the laws of sanitation.

Louisville Herald Voices The Sentiment Of Louisville In Their Appreciation Of The Merits Of "Our Bob."

A recent issue of the Louisville Herald contained the following witty though complimentary notice of R. E. Hughes. "Bob" began his career in Lancaster in a country newspaper, and no one here is surprised at his, to use the Herald's language, "meteoric rise: "Hello, Old Man!" Right away we've made ourselves liable to prosecution. Even justice tempered with mercy calls for at least thirty days and costs for this flagrant imposition, this palpable infringement on a copyright. Everybody knows that the cheery salutation which leads this gem of prose belongs, appertains and adheres exclusively to Robert Edison Hughes—and to his heirs and assigns forever. Certainly. Well, now that we've already in bad, we may as well proceed:

Mr. Hughes' meteoric rise to fame and fortune began in a newspaper office—that is, the fame part of it did—the yeast in the fortune part did not begin to "work" until later. At any rate, Mr. Hughes was a good newspaper man. He got so good that the Commercial Club took him away from the game and made him secretary. And Bob "hello-old-manned" himself through several years conspicuous success at that post. Then he went over to hello a little for the Kentucky Electric Company—more success. Bob is a regular 100-watt Tungsten—be shines. And he is also some dynamo—any time the Ky-El-Co current flickers Bob just connects himself up on the circuit and the current goes right along. Always affable, good-natured a big-hearted business man and boosting Louisville first, last and all the time—That's Bob.

P. S.—He has red hair.

"Jockey Row" A Once Familiar Institution In All Central Kentucky Towns, Rapidly Passing To Oblivion.

"A few years ago "Jockey Row" was almost an essential to county court day in every central Kentucky town, and it seems to have been peculiar to that particular locality. "Jockey Row" was some side street given over, almost of a necessity, to the cheaper class of horse traders. Here they would gather from a distance of fifty miles around to barter and trade horses, and incidentally anything else from a pocket knife to an antiquated threshing machine. Here every old srow bait in the country was to be seen; horses that as a usual thing had hardly sufficiently vitality to drag along at a snail's pace, would under the influence of cogion draughts of ginger, dope and like treatment, known only to horse jockeys, caper and prance like the typical Kentucky thoroughbreds, and "mixin" was frequent, some of these animals of ten changing hands a dozen times during the day.

"Jockey Row" was formerly fairly peaceable, but of late years it has become a rendezvous for all the scallawags who frequent county court days, until the institution has become so obnoxious that in some places a ban has been placed upon it by law, and it is gradually fading from existence. From being strictly a meeting place for horse traders, it has come to be frequented by vendors of illicit booze, and the police are compelled to keep a vigilant eye upon it, and if there is a disturbance in town on county court day, nine times out of ten it is on "Jockey Row"; hence the disrepute, and the growing clamor for its entire removal from the community. Another reason for its abolishment, is the danger of the spreading of disease, horses and mules gather there from everywhere, the blind, the lame and the halt, sick and well are bunched together in one conglomerate mass, and many cases of disease no doubt after a day spent on this thoroughfare.

The city has frequently made ordinances regulating "Jockey Row" and we believe that it is only a question of time when it will be completely abolished by a city ordinance.

Princess Popped Question. How Victoria Louise Made It Easy For Duke.

To the world at large the recent announcement that the kaiser's only daughter, Princess Victoria Louise, was to wed Prince Ernst Augustus, duke of Cumberland, was a surprise. Here is a greater surprise, and it comes of good authority. It was the princess herself who popped the question. There had been many suitors for the hand of this comely, regal young woman, and she had disdainfully appraised all and found them wanting. Finally along came the Duke of Cumberland, and he was on the outs with papa, the kaiser, too. According to the pretty little romance from the lips of the princess herself, it was at a ball in the royal palace of Potsdam that the proposal occurred. After she had gone through the maze of a waltz with her brother the princess was swept out upon the floor on the arm of the dashing Prince Ernest Augustus. As they sat later among the palms he hesitated to speak the message on his lips; "I am happy tonight, Prince Augustus," said the princess. "I, too, am overjoyed, your highness," the prince assured her. "It is a night that should have no ending." "Why, prince?"

"Because, having entered paradise, I am loath to leave it."

"Need you?" she asked demurely. Thus was the betrothal brought about.

Blue Grass Stripping.

W. B. Denny of the firm of Denny Bros. left Tuesday for Boyle county to strip blue grass seed. He took with him five strippers and a sufficient crew to man them. It was at first thought that the blue grass seed crop would be almost a complete failure, but the recent rains have materially improved the situation, and it will be much better than was expected.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases, but it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, eucalypti, etc., as compounded in D.D.D. Prescription. We have sold other remedies for skin troubles but note that we can recommend D.D.D. highly as this for we know that it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. Of course all other druggists have been enough to prove it. But if you come to our store, we can show you what D.D.D. will do for you. We offer you a full size bottle of this guarantee—if you do not find that it takes away the itch AT ONCE, it costs you not a cent.

Studebaker

"That's the sixth Studebaker we've passed—the only kind to invest in"

"The only kind—because, as I always say, when a man puts money in a thing he wants to know that he's going to get the worth of it out again."

"That's plain business as I look at it."

"That's why I say the price doesn't tell you anything at all. There's only one thing that talks—except the wagon itself. That's the name of the maker."

"When you buy a Studebaker you're buying a vehicle that has behind it and in it sixty years of experience—sixty years of success—and sixty years of reputation for the square deal. That's why a Studebaker always looks good to me."

"My father used to say that Studebaker honor was as sure as a United States bank note. He was talking after having used Studebaker vehicles since he was a lad, and he told me his father before him said, 'Be safe—get a Studebaker.'"

"Vehicle builders can't hold that sort of reputation now-a-days without delivering the goods. A Studebaker wagon has the best in it. That's why a man gets the most out of it—why it's always an economy."

"Dealers may say to you something else is 'just as good.' But when you buy a Studebaker, you're making a safe investment every time."

The Womans Club

(Edited By The Womans Club)

The Woman's Club calls attention to the laudable enterprise undertaken for the benefit of the Graded School, by the women of our town. It is to be called the Garrard Co., Womans Fair, and will be held at the school building on July 17 and 18. premiums will be offered for every line of Woman's work. A concert will be given free the first afternoon. The baby show promises to be interesting and along new lines.

The Art display will be fuller than any fair in Ky., can boast of unless we except the State Fair at Louisville. The promoters of this unique enterprise are not exclusively Club Women, but it is with pride and pleasure that we think our Club column call attention to it, and commend it to the people of the community.

The Railroad officials in response to the plea of the Chairman of Civics in Woman's Club, are hauling dirt in carloads preparatory to the beautifying of the Depot Park. So much for a little interest on the part of this good department of our Club.

PAINT LICK.

Miss Stella McWhorter is the guest of relatives at Berea.

Miss Annie Belle Ballard of Lancaster is visiting her sister Mrs. Jack Davis.

Mr. and Mrs. R. G. Woods and family have moved to their new residence.

Mrs. Joe Gailey of Kirksville, spent Saturday night with Mr. and Mrs. M. K. Ross.

Mr. M. K. Ross and little daughter Ruth have returned from a short stay in Cincinnati.

Mrs. E. C. McWhorter has for her guest Mrs. J. F. Farris and daughter Ruth of Louisville.

Mr. Jas. G. Conn and little son Clarence of Wilmore visited the family of Mr. I. C. Rucker.

Mr. W. S. Fish and little son Craig of Stanford visited his parents Mr. and Mrs. Wm. Fish last Sunday.

Mr. and Mrs. Tom Logston and Miss Nettie Treadway attended the Commencement at Berea Wednesday.

Rev. S. K. Hunt and family left for their home in Scottville, Ky., after a visit to her mother Mrs. Spurlock.

Several young folks from here attended the play "Queen Esther" given by home talent at Berea Monday night.

Mr. George Todd was thrown from his horse one day last week and is suffering from a badly sprained shoulder.

The lightning struck and killed five head of stock belonging to Messers James and Walker Guyn during the storm Tuesday.

Lydia Cleone, the little two year old daughter of Mr. and Mrs. Ledford died last Thursday night of measles, much sympathy is extended the family in their bereavement.

The Strawberry supper at the school on the 28th was a success. The women of this section are bountiful providers on such occasions, and the holders of tickets improved the opportunity and made a clean sweep. The Supply fund netted twenty dollars.

There was lots of emphasis to the hailstorm of Sunday evening. The glistening globules galloped across the lawns and danced like pop corn in a hot skillet. A good many of them would weigh a pound. Cogs that were fusing over the heat chased the funny fruit, and got the soda-fountain effect by studying their innards with it. Robins appeared at the psychological moment, and helped themselves to fishworm frappe.

A bunch of boys from Point Leavell, mostly in overalls, came up to the school diamond Saturday and administered long delayed medicine to the Kirksville team, who had not come for that purpose, exactly, or they would not have been accompanied by such an escort of the fair sex to witness their discomfiture. P. L. stands for Paint Lick, too, and our boys took more than a gentle interest in the proceedings. It also means Pretty Late in the season, but better late than never. And it was a Powerful Lesson. The Poor Ladies had no chance for vocal demonstrations. The result was Plenty Laughable.

Don't Wait for the Wood to Show Before You Paint!

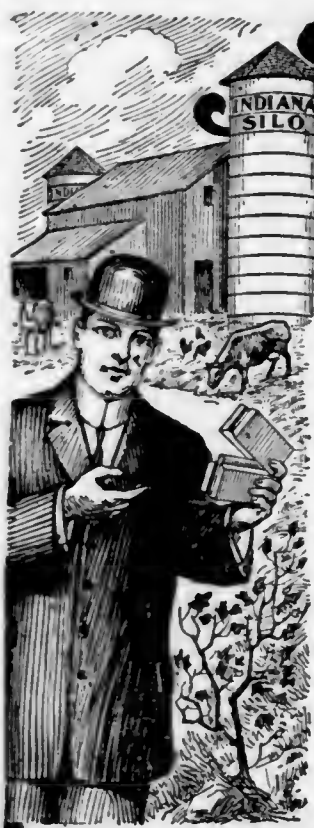

Postponing painting is like putting off
payment of taxes. You are only piling up
expense. The wise man paints often, so
that there is always a protecting film of
paint between his house and the elements.
The more durable the paint, the less often
this must be done.

The most durable paint in the world is

See that joint!

THAT patented joint has revolu-
tionized the whole business of
building silos by making it pos-
sible to construct a perfectly solid
stavesilo of any desired height. When
put together with a little white lead at
these joints, a two-piece stave

INDIANA SILO

is as good as if it were made of one-piece
staves, and very much less expensive. There
is no metal at these joints to become cor-
roded by the acids and no outside moisture
can collect in them to rot the wood. This
joint adds years to the life of your silo and
many dollars to its value.

We have a plan by which you can own
an Indiana Silo and let it pay for itself out
of what it saves for you on next winter's feed
bills. Give us a chance to explain it to you.

NO DIFFERENCE

The Proof Is Here The Same As Every-
where.

For those who seek relief from kid-
ney backache, weak kidneys, bladder
ills, Doan's Kidney Pills offer hope of
relief and the proof is here in Lancas-
ter, the same as everywhere. Lancas-
ter people have used Doan's and Lan-
caster people recommend Doan's, the
kidney remedy used in America for
fifty years. Why run the risk of dan-
gerous kidney ills—fatal Bright's dis-
ease. Here's Lancaster proof. Inves-
tigate it.

W. M. Zanone, Campbell & Crab
Orchard Sts., Lancaster, Ky., says:
"My kidneys were disordered and the
kidney secretions were irregular in
passage and contained sediment. I had
pains in my back and sides and when I
stooped, I had difficulty in straighten-
ing. Finally, I used Doan's Kidney
Pills and they completely relieved me."

For sale by all dealers. Price 50 cts.

The Early Fly.

By Walt Mason.

The early fly's the one to swat. It
comes before the weather's hot, and
sits around and files its legs, and lays
at least ten million eggs, and every egg
will bring a fly to drive us crazy by and
by. Oh, every fly that skips our swat-
ters, will have five million sons and
daughters, and countless first and sec-
ond cousins, and aunts and uncles, suc-
ces of dozens, and fifty seven billion
nieces, so knock the blamed thing all
to pieces. And every niece and every
nephew—unless we swat them so they
can't—will lay enough dog-dag eggs to
fill up ten five-gallon kegs, and all
these eggs, ere summer hies, will bring
forth twenty trillion flies. And thus
it goes an endless chain, so all our
swatting is in vain unless we do that
swatting soon, in Maytime and in early
June. So, men and brothers, let us
rise, gird up our loins and swat the flies!
And sisters, leave your cozy bowers
where you have wasted golden hours;
with ardor in your soil and eyes, roll
up your sleeves and swat the flies!

Most Children Have Worms.

Many mothers think their children
are suffering from indigestion, head-
ache, nervousness, weakness, costive-
ness, when they are victims of that
most common of all children's ailments
—worms. Peevish, ill-tempered, fret-
ful children, who toss and grind their
teeth, with bad breath and colicky
pains, have all the symptoms of having
worms, and should be given Kickapoo
Worm Killer, a pleasant candy lozenge
which expels worms, regulates the bow-
els, tones up the system, and makes
children well and happy. Kickapoo
Worm Killer is guaranteed. All drug-
gists, or by mail. Price 25c. Kickapoo
Indian Medicine Co., Philadelphia
and St. Louis.

A Creed.

Let me be a little kinder,
Let me be a little blinder
To the faults of those about me,
Let me praise a little more:
Let me be, when I am weary
Just a little bit more cheery,
Let me serve a little better
Those that I am striving for.
Let me be a little braver
When temptation bids me waver,
Let me strive a little harder
To be all that I should be.
Let me be a little meeker
With the brother that is weaker,
Let me think more of my neighbor
And a little less of me
Let me be a little sweeter;
Make life a bit completer,
By doing what I should do
Every minute of the day,
Let me toil without complaining
Not a humble task disdain
Let me face the summons calmly
When death beckons me away.

Guaranteed Eczema Remedy.

The constant itching, burning, red-
ness, rash and disagreeable effects of
eczema, tetter, salt rheum, itch, piles
and irritating skin eruptions can be
readily cured and the skin made clear
and smooth with Dr. Hobson's Eczema
Ointment. Mr. J. C. Eveland, of Bath
Ill., says: "I had eczema twenty-five
years and had tried everything. All failed.
When I found Dr. Hobson's Eczema
Ointment I found a cure." This ointment
is the formula of a physician and has
been in use for years—not an experiment.
That is why we can guarantee it. All
druggists, or by mail. Price 50c. Pfeiffer
Chemical Co., Philadelphia and St. Louis.

The Farmer-Poets.

The poets of The Baltimore Sun do a
little farming, on the side, and thus
made the bread which keeps literature
alive. One of them sings:
"Oats gettin' that silver-green they get
before it's time to ripe;
Old whitewash man a-stoppin' again to
light his corn-cob pipe;
Watermelons beginning to vine, and
cantaloupes the same.
A dad-burn catbird over there tellin'
every one his name."

Best Laxative For The Aged.

Old men and women feel the need of
a laxative more than young folks, but
it must be safe and harmless and one
which will not cause pain. Dr. King's
New Life Pills are especially good for
the aged, for they act promptly and
easily. Price 25c. Recommended by
R. E. McRoberts.

HAMILTON VALLEY.

We have had a good rain and farm-
ing is going on nicely.

Mr. J. H. Hamilton was in Lancas-
ter last week on business.

Mr. and Mrs. Wm Lawson was the
guest of Mr. and Mrs. Melvin Stinnett
last Sunday.

Mrs. Charley Davis was the guest of
her sister Mrs. Lucy Hammack Jr.;
last Wednesday.

Mrs. Wm McQueary was the guest
of her sister Mrs. George Beazley of
Flat Woods last week.

Mrs. Malissa Matem died at the home
of her daughter Mrs. Pitts on Thurs-
day May 22 and was buried at Carters-
ville cemetery Friday 23. She was a
christian lady and loved by all who
knew her and her loss will be mourned
by many friends and loved ones.

Ulcers And Skin Troubles.

If you are suffering with any old run-
ning or fever sores, ulcers, boils, ecze-
ma or other skin troubles, get a box of
Bucklen's Arnica Salve and you will
get relief promptly. Mrs. Bruce Jones
of Birmingham, Ala., suffered from
an ugly ulcer for nine months and
Bucklen's Arnica Salve cured her in
weeks. Will help you. Only 25c. Rec-
ommended by R. E. McRoberts.

Mrs. William Richardson has been
quite sick.

Mr. William Flannery went to Lancas-
ter Monday.

Mr. Fisher Herring has completed a
nice new barn.

Mrs. Henry Kidd has gone to Wood-
bine to visit her mother.

Mrs. Victoria Anderson is having a
new tobacco barn erected.

Mrs. Lydia Riggsby and little grand-
daughter are both some better.

Mr. Samuel Payne was severely kick-
ed by a mule one day last week.

Mr. and Mrs. Walker and family of
Garrard visited her mother, Mrs.
Anderson.

Rev. J. E. Roberts will preach Sat-
urday night, Sunday and Sunday night
at the Methodist church.

Misses Carrie and Zula Neylor and
Miss Ella Blankenship visited Miss
Katie Payne Friday night.

A weazle got into a coop of frying
size chickens of Mrs. F. L. Thompson
one night last week and killed 25.

Messrs. Jerry Arnold, Payne, Cum-
mins and Ben Duncan are working at
Hyattsville on a house which Mr. Arnold
has under contract.

While preparing eggs for cake baking
Mrs. J. H. Thompson noticed an
unusually large egg. On breaking the
shell two large yolks came out, besides
another medium size egg with another
shell on it. We often hear of a "wheel
within a wheel", but this is the first
time we ever have seen an egg within
egg.

"Pittsburgh Perfect" Fence

Look For THE WELD THAT HELD

Because the joints in "Pittsburgh
Perfect" are welded by electricity, you
can pick it out first pop. Examine a weld
—the galvanized steel thickly around the
joint after its double protection here.

Heat weld white hot, then try to
separate the wires. You can't. This is
the only indestructible joint.

"Pittsburgh Perfect" looks better, is
strung in less time with less labor, and,
AS MADE TO-DAY from our own
special Open Hearth Wire, is stronger,
lasts longer and gives more satisfaction
than any other. Don't spend your fence
money—invest it. Read our catalogue,
investigate, then decide.

Made in Different Styles for FIELD, FARM, RANCH, LAWN,
CHICKEN, POULTRY and RABBIT YARD and GARDEN

Every Rod Guaranteed

Ask your dealer for "Pittsburgh Perfect" and insist on his furnishing it. Do not allow him to persuade
you that some other fence is just as good. If he doesn't sell it, write us direct.

Bleucher 46158, record 2:29 1/4, trial mile 2:14 1/4, half in 1:06, last quarter in 32 seconds, is a handsome seal brown horse, and will weigh 1100 pounds. He greatly resembles his good sire Silent Brook and is out of Clayo, by the gr. at Futurity sire Moko. A grand combination of two of the best race horse families of the present day. He being a real race horse himself, having had very little training and most of that by an amateur. It certainly looks like this horse is of Grand Circuit caliber, and if given half a chance he will win his share of the money sure.

BLEUCHER is a perfect type of a road horse, good gaited with perfect manners, wears no boots, or weights. He was a money winner at the Blue Grass Fair last year and is conceded by good judges to be the best road horse out this year.

This is a good opportunity for Garrard and adjoining counties to breed in to the best families of the trotting blood. Look this horse's breeding over and see how many they have in the list both sire and dam.

This great trotting Stallion will make the season of 1913 at my stable in Lancaster, Kentucky, at

The veteran reinsman, Mr. E. F. Geers, has the following to say relative to this horse.
"I am under the impression that Gordon Todd will prove to be a great sire" as he was good headed, pure gaited, with plenty knee, shoulder and stride action which all good sires have to have. I do think that had he been sound he would have gone a mile in 2:04 or 2:05 and probably faster. Yours truly,

After Reading The Records.

A writer in the Saddle and Show Horse Chronicle, issue April 8th, has this to say regarding saddle sires:

"Theorize as we may, it is the fellow that has delivered the goods to-day who is the one most likely capable of doing it again to-morrow."

And then HE correctly records

BOHEMIAN KING 2410.

The place in the front rank as a sire of show colts to-day. The records not only confirm his statement, but are much stronger. Remember twenty six of his get were winners throughout the United States last year. But why go on? This stallion's phenomenal success as a sire has made him the sensation of the saddle horse world.

Investigate For Yourself. Then Decide.

We are now meeting mares at Harrodsburg, Danville, Shelby City and Burgin. Will cheerfully reserve places for your mares if you will wire me.

A Word To The People

I have been in business here all my life, or rather since I was sixteen years old, except I was on the road for twelve years selling clothing for Fleisher Bros., of Philadelphia. I feel that I know the wants of our people as I have made a study of them. I buy goods direct from the factory which is a great

saving. I have always given my customers the best goods that money could purchase and expect to do so as long as I remain in business.

We have had a very backward season and therefore business has been dull. I have a very large stock of goods which I can't afford to carry over. I have put a price on them to sell, -my loss is your gain. Call and make your selection at once so as to get what you want. I am not looking for profit during this sale. I am simply going to sell the goods regardless of profit.

A Great Chance For You To Save Money. Terms Of Sale Strictly Cash.

OUR GUARANTEE. Everything bought during this sale not proving satisfactory or just as represented will be gladly exchanged or your money refunded. Positively No Goods Charged During This Sale.

Some Lambs,

Lawson and Brown bought of Mr. Jno C. Robinson of Boyle, 145 head of spring lambs that averaged in weight 80 pounds. They were shipped to Cincinnati Wednesday and are said to have been the best that ever left the local market so early in the season. They were sold at a fancy price and will no doubt top the Cincinnati market.

Sale Of Jersey Cattle.

The choice herd of Jersey Cattle owned by Mr. E. A. Farra, deceased, will be sold publicly at his late residence near Nealon in Jessamine County, next Tuesday, June 10th. This is probably one of the best herds of Jerseys in the state and some rare bargains will probably go under the hammer on this date. Quite a number of heifers are listed for this sale and are in calf to service of Iron Duke of Finance. This bull was imported in dam and born on the farm of Mr. W. R. Spann and purchased by Mr. Farra in 1910. Some choice saddle bred young stock will also be sold.

Book Of Poems.

We are very grateful to Mr. Harvey M. Estes for a copy of a neat and well gotten up book of poems. The present volume bears the title, "Poems for the Common People" and does much credit to the promising young author. Harvey is an old Lancaster boy and his friends here are justly proud of him and wish him much success in his new field and believe that his highest ambitions to become a poet of note will some day be realized.

Get Credit For What Some One Else Writes.

An article appears in some county paper, a paper in a neighboring town copies it, and in turn some city paper copies the article from it and as the paper to copy it first failed to give the original paper credit, as they should have done, the paper copying the article first gets the credit for originating it. This is getting to be a frequent occurrence, and while it is a matter of small consequence, we all like to be given credit for what we do write, be our efforts ever so feeble.

To The Democrats Of Magisterial District Number One.

A number of friends and democrats have advised me that I could be of service to the people of the county as a member of your Fiscal Court. At the urgent request of these democrats I have become a candidate for the nomination of magistrate in District number one subject to the will of the democrats expressed at the August primary. If you will make me a member of your Fiscal Court it will be my desire to do at all time what I may think to be the best interest of all the people as long as I serve you in that position. I will appreciate the help of all who will aid me in securing the nomination. Very Respt. James H. Dalton.

News Of The Churches.

During the School there will be one half-day holiday. The preachers enrolled may organize base ball teams and pay off their exuberance in that way to the delight of all those present. However, work and not play will be the principle object of the School.

In all about sixty lectures have been planned. Many Sunday Schools of the State will send representatives with the idea of giving their teachers and workers both pleasure and profit. The School of Methods, however, will attract ministers and religious workers, though not directly engaged in Sunday School work.

Preparations are being made for a School of Methods for Sunday School workers to be held in Lexington, Ky., June 16-27, under the auspices of the Kentucky Christian Bible School Association. The Disciples of Christ of the State of Kentucky are looking forward to this as one of the most important religious events of the year. The railroads have granted favorable rates. Reports from over the State indicate that a large crowd will matriculate for the school which will be held for two weeks at the College of the Bible and Transylvania University. The School last year was held at Morehead, Ky.

An attractive faculty of instructors has been announced by Dean Walter E. Frazee who is arranging all details. Among the instructors and lecturers engaged this year are President F. Y. Mullins of the Southern Baptist Theological Seminary, Louisville; Professors A. W. Fortune, W. C. Bower, S. M. Jefferson and President R. H. Crossfield of Transylvania University, Lexington; Miss Hazel A. Lewis of Cincinnati, National Elementary Superintendent for the Christian Church, and W. J. Clarke, Louisville, Kentucky Adult Bible Class Superintendent of the Christian Church.

Blackhead In Turkeys.

In many localities the growing of turkeys has become almost extinct as the results of a malignant parasitic disease known as blackhead. This disease is not only extremely contagious but it is very much aggravated through inbreeding, which depletes the vitality of the stock of breeding turkeys and makes it possible for the germs to gain a destructive foothold. It is called "Blackhead" because the heads of those effected turn yellow or black, but this is only a symptom, as the seat of the disease is in the liver and intestines. It is usually contracted from other fowls, but is primarily caused by an absence or deficiency of mineral elements in the feed, which, owing to the semi-domestic nature of the turkey are an essential aid to proper food digestion. In its wild state the turkey was accustomed to supply itself with three elements, which are found in minute portions in various grains, seeds and grasses, and this disease is unknown to the wild turkey. It has been claimed that there is no known specific for this destructive disease, but a preparation that is being marketed under the name of Bourbon Poultry Cure has proven a most efficacious remedy for the cure and prevention of this ailment, and large turkey raisers are using it with great success, many saying they have saved their birds with it after having lost half of their flock. The disease is most prevalent in the summer months and at the beginning of cold weather in the fall.

FLATWOOD

Mrs. Smith continues very sick and is not expected to get well.

The good rains of late has enabled the tobacco raisers to get well along in setting their crops.

Colds

should be "sipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

THEDFORD'S BLACK-DRAUGHT

the old reliable, vegetable liver powder.
Mr. Chas. A. Ragland, of Madison Heights, Va., says: "I have been using Thedford's Black-Draught for stomach troubles, indigestion, and colds, and find it to be the very best medicine I ever used. It makes an old man feel like a young one." Insist on Thedford's, the original and genuine. E-67
